I Raymond Broach object to dismissal to the fact that I was waiting for a direct deposit of funds which came late however with integrity I paid right away electronically soon it came to satisfy payment. I also am willing and fully cooperative with my Lender Andrew Carroll as well as The Mortgage Company so I can come to terms and agreement to get caught up and save the house by paying all my debts. This is my written objection I submit. Going forward I am and will continue to make all requests and deadlines to and with Mortgage Company or Trustee and deeply apologize for any inconvenience or problems caused. I wish to work together and satisfy all my debts and secure a lively head in my senior years and have something to leave to my children and grand children in the future.

Thank You Kindly,

Raymond Broach
